

More than your Passion!

DSP KARAOKE WITH WIRELESS MICROPHONE

AD10K - 800

USAGE INSTRUCTIONS:

Before using our product, please read the user manual carefully. This will help you use it safely and effectively.

When driving, please do not operate the device, in order to ensure safe driving. We recommend using voice control or manual control functions.

If you repair the device yourself, it may affect the safety and quality of the device.

Please do not let the device come into contact with moisture or high temperature.

SAFETY NOTES:

- 1. When driving, please do not operate the device. This may endanger the driver and others.
- 2. Please do not disassemble or repair the device by yourself, unless you are a professional.
- 3. Please do not let the device come into contact with moisture or high temperature.

SYSTEM PLANNING:

Proper system planning is the best way to maximize your amplifier performance. By planning your installation carefully you can avoid situations where the performance of the reliability of your system is compromised. Your authorized dealer has been trained to maximize your system's sonic potential. Your dealer is a valuable resource in helping you with your system design and installation.

SPECIFICATIONS:

Model	AD10K-800
Operating Voltage	12V
Power Output	4 × 45W RMS / 4 × 100W Max @ 4Ω
Frequency Response	20Hz – 20kHz
Signal-to-Noise Ratio	>105dB
Dynamic Range	>91dB
Impedance	4Ω
Max Current Draw	<300mA
Enclosure Material	Aluminum
Weight	0.9 kg
Dimensions	17 × 13.5 × 3.2 cm
Bluetooth Version	5.2
USB	APE, WAV, MP3, Flash
Wireless Mic Support	Up to 2 microphones
Low-Level Output	6 channels
High-Level I/O	4CH in / 4CH out
DSP Tuning Software	PC Tuning Application
